

I am writing to support KLOV radio and in opposition to the LPFM issue in my area. I listen to K-LOVE radio daily as I drive to work seeking national news issues that concern me as a active Christian and citizen of the United States. I believe KLOV presents news issues in a fair and unbiased format to inform and help listeners nationally. I believe the KLOV radio has presented and continues to present a positive influence to both myself and my community by presenting a family oriented format as an alternative to shock type radio programs. It is this format that contributes to the reinforcement of positive family values and morals that seem to be in serious decline as offered by other programs. I believe that KLOV is in the best interests of the community on both a local and national level and should be allowed to continue and not hampered by the LPFM priority issue before the FCC. Thank you for the opportunity to comment on this issue.
